Central Maine Federal Credit Union
‘Books for Kids’ Summer Reading Program

Central Maine Federal Credit Union’s signature community project “Books for Kids” has been inspiring reading in Androscoggin County youth for the last eight years by donating new books to public school libraries. Central Maine Credit Union has expanded this program to include a $500 grant to a school or community library to conduct a summer reading program for children.

One grant will be awarded in May 2010 and applications will be judged on ability to inspire reading, creativity and number of youth reached by the program. Community libraries and school libraries are eligible to apply if they are located in Androscoggin County. Please contact Denise Ouellette or Vicki Stuart at 783-1475, if you have any questions.

*Please submit completed application by April 30, 2010 to:*

Denise T. Ouellette, V.P. Marketing

Please answer all questions and feel free to provide your answers on separate attachment. Grant winners must agree to cooperate with any promotional requests of Central Maine Federal Credit Union.

- Please describe the summer reading program you plan to implement.

- Is this a new program or a recurring program?

- If this is a recurring program, how many children do you anticipate reaching with the program?

- How will you market the program to children and parents?

- How will you spend the $500 grant? Please be specific.

- Do you agree to cooperate with Central Maine Federal Credit Union for the purpose of promotion?
